

Medium-sized Cable Reel

Product number: 990703

Product Overview

The PCD310 is a medium-sized cable reel designed for the rental and staging market. Constructed from eco-friendly PP and ABS materials, it is durable and lightweight while being nearly impervious to drops and knocks. It stores up to 200 meters of fiber optic cable or 150 meters of CAT cable.

Product Features

- Compact upright cable reel for optical fiber and CAT cable catered to the rental and staging industry.
- Eco-friendly PP and ABS materials.
- Light-weight, drop-resistant, and very simple and easy to use.
- Commonly used for optical fiber, CAT, audio, video and other cables.
- Stores optical fiber with 5.0mm outer diameter up to 200 meters or CAT cable up to 150 meters.
